## An Announcement

WITH THIS ISSUE, the ownership and direction of the Sierra Madre News is assumed by Ed E. Herwig and Mrs. Edna M. Herwig, sole owner, replacing Harry Elwood in this capacity. Mr. Herwig is editor and publisher and Mrs. Herwig secretary-treasurer.

We come to you expectantly as of today and the future and of how the SIERRA MADRE NEWS can help our hustling and intelligent citizens in maintaining this beautiful city as a garden spot of the Sierra Madre area, as well as a thriving community ever alert to its constant improvement, for improvement, carefully thought out, spells a worthwhile betterment. Yet paramount is the continuance of this as a viable city, one in which the quality of its liability is uppermost.

We come to you also admiringly of the excellent job of newspapering which Harry Elwood has done in the years of his editorship of this newspaper. We hope to do as well.

## NOW MAY WE PRESENT some credentials:

Ed E. Herwig—Six Freedoms Foundations awards for editorial writing; one National Headliner award for industrial writing, and one Pennsylvania Newspaper Publishers Association award for distinguished service to a community. Assistant Press Secretary to Governor Goodwin A. Knight at Sacramento.

Eight years as editor and publisher of The Southern California Forum published at Los Angeles for the Merchants and Manufacturers Association.

Responsible posts on the Detroit News, Cleveland Plain Dealer and Providence, R.I., Journal. Managing editor of the Santa Barbara News-Press and Rawlins, Wyo., Times.

During World War II, magazine and promotions writer for OPA at National Headquarters in Washington, D.C.

Mrs. Edna M. Herwig—executive secretary to administrator in the Merchants and Manufacturers Association in Los Angeles.

Secretary in Vital Statistics Department, State Capitol, Lincoln, Nebraska.

Departmental secretary for Douglas Aircraft Co., Santa Monica and Los Angeles.

NORMALLY OUR POLITICS will be Independent Republican, ordinarily supporting the candidates of that party if we deem them best fitted for the posts to which they aspire. We reserve the right to cross party lines if we believe a

## WE'RE REALLY VERY SORRY

A last-minute rush of advertising which The Sierra Madre News experienced—and we say "thank you" to the advertisers, necessitates our leaving out of this issue much local news. We regret this sincerely and beginning next week, as we get our feet on the ground, we will endeavor to print all the local news and pictures we can obtain.

Republican candidate is ill-fitted for the job he or she seeks. However, we believe this situation will seldom occur in view of the coming resurgence of the Republican Party in California.

We want all Sierra Madre and Hastings Ranch residents—readers, advertisers, professional men and women, ranchers, farmers, men and women in industry—to make this their hometown newspaper, to know that they and their wives are welcome at the NEWS office at any time. Don't hesitate to visit us personally at any time. Get your news, especially names and addresses, to us. We'll like to print them. Your "Letters to the Editor" will be welcome and, as a rule, printed.

We hope to be with you for quite a spell, to become staunch Sierra Madre residents, to come to know most of you personally—to be part of the bone and sinew of this admirable community—and to produce a newspaper to which you can look forward expectantly for the news and views it carries about Sierra Madre and Hastings Ranch.

In closing, may we say that the present staff manning the Sierra Madre News will remain unchanged.

5 S. M. Boys Find  
Lost Youth's Body

It took five members of the Sierra Madre Search and Rescue unit to locate the body of a 17-year-old Pomona youth, Steve Brimhoff, in Cucamonga Canyon at 9:30 a.m., New Year's Day, after other rescue units had failed.

The body was discovered by Grant Raddon, Jr., who went down into the canyon about 100 yards above the falls. Young Brimhoff evidently had tried to climb the 50-foot falls, lost his footing and landed head-first, killing him instantly. He had been trout fishing with two other chums, Kirk Muscat and Dennis Langford.

The Sierra Madre Rescue unit—Fred La Lone, Miner Harkness, young Raddon, Don Colbert and Chuckler—was first alerted by Kirk Muscat's sister Judy (they are children of the Barney Muscats, former Sierra Madre residents), about 5 p.m. New Year's Eve.

YOUNG BRIMHOFF and his two companions had back-packed into Cucamonga Canyon (about 7,000 feet) Monday, a distance of six miles.

They were due back Wednesday afternoon, but instead, Steve became separated when about one and one-half miles above their camp. The Muscat and Langford boys searched about until dark, then went for help, after leaving their sleeping bags and food.

The San Bernardino Rescue Squad, attempting to locate the boy, ran into foul weather—bitterly cold, with snow flurries.

THE SIERRA MADRE unit, going into the rugged moun-

Resident Here  
43 Years Dies

A native of Whitney Point, N.Y., and a Sierra Madre resident for 43 years, Mrs. Mary Alice PerLee died Jan. 5 in Sierra Madre Convalescent Hospital.

Mrs. PerLee was the widow of the late Edmond E. PerLee who passed away in 1958. She is survived by her daughters, Mrs. Albert Lewis and Mrs. George W. Lawson, each of Pasadena, and a sister, Mrs. Nina Allerton of Sierra Madre.

Funeral services were today (Thursday) at the Ripley Mortuary, with the Rev. Harley G. Smith officiating. Committal, in Pasadena Mausoleum, was private.

C. of C. Picks  
Committees  
For 1960

The first 1960 Board of Directors meeting of the Sierra Madre Chamber of Commerce was Tuesday morning, John H. Curtis, newly-elected president, presided.

President Curtis appointed the following standing committees for the year:

Finance: Larry Lomax and Dave Roess.

Merchants: Ralph Hurwit, Emile Smith, John C. McKibben, Charles Ower and Jim Wolfe.

Streets and Lighting: Emile Smith, chairman.

Parking: Manuel de la Torre, chairman.

Annual installation, dinner and membership meeting: Bob Green, chairman, Larry Lomax and Dave Roess.

Membership: Each director a member of this unit.

THERE WAS MUCH enthusiasm displayed at the meeting. President Curtis said that "with the present Board of Directors we can look forward to a most active and constructive year."

Annual installation of officers will be in February, the exact date and place to be determined. Mr. Green and his committee will formulate plans for this shortly.

The 1960 Board of Directors and officers are: John H. Curtis, president; Larry Lomax, vice president; Davil L. Roess, treasurer; Anthony Cavalli, sec-

Storm Drains  
To Be Begun  
On 4 Streets

Rancho Rd., Orange Grove and East and West Grand View are to have storm drain lines.

City Administrator Lawrence C. Bevington announced that work on these four storm drains within Sierra Madre's limits, will start shortly, first on Orange Grove. It may be several weeks, possibly months, before work is begun on Grand View.

While the large pipes are being placed these streets will be closed to through traffic. As far as possible, property owners, Administrator Bevington announces, will have access to their driveways, although at times these also will be blocked off. Detours planned by the city will be clearly marked.

'City of Livability'  
Spirit Wins Honor

Seven hundred and fifty Sierra Madreans cannot be wrong. Through the past weeks and led by Ralph R. Rule, Manuel de la Torre and George T. Fleming, Jr., as co-chairmen of the Sierra Madre Float Committee, they pyramided their efforts into the building of a float, "The Stork, the Birds and the Bees" which captured second place honors for cities under 15,000 population in Pasadena's famed New Year's Day Tournament of the Roses parade.

This achievement in civic spirit is something to be remembered as one in which all Sierra Madre residents can take great pride. For hours of effort covering many days by an overall 750 workers, young and old, went into the building of the float in the city's repair shops adjacent to the municipal swim pool near the city water works.

IT WAS AN ALL-OUT CIVIC EFFORT. For instance, the cost of floats entered in the Tournament of Roses parade is around \$500 a float, according to Mr. Rule. The cost of such an elaborate float as the lengthy "Swan Lake," appearing in the parade was about \$35,000.

The City of Sierra Madre backed this city's entry with

a \$1,000 appropriation. The rest of the funds needed was raised in various ways—selling of flowers on the streets, donations from merchants and chancing off of Rose Bowl seats. More than \$1,500 was obtained in this manner.

Mr. de la Torre designed and laid out the float; Mr. Fleming was the financial director, while Mr. Rule maintained an overall supervision, pulling loose ends together when necessary.

Dan MacDonald headed the Flower Committee which purchased the vari-colored flowers and blossoms needed for the float design and motif. Bill Harris saw to it that the proper species were obtained in the requisite colors—the proper shades. Bob Osti went to the Flower Market in Los Angeles' Wall Street and saw to it that the flowers and greenery were safely transported to Sierra Madre.

THE WORKERS, hard at it for 15 Saturday's previous to New Year's Day, went at it sledgehammer-like the night preceding Jan. 1, working all day and through the night in relays until the job was done and the float in position for the parade. Of course, they had to be fed a lot of hamburgers, hotdogs, doughnuts and such substantial foods to maintain their spirits and workability.

The Civic Club assigned Ann Tyler to this task, especially well done, and in which she was backed all the way by enthusiastic and sustained support from the Women's Club, Order of the Eastern Star, American Legion Auxiliary, VFW Auxiliary, PTA, Friendship Club and the Nursery School Association.

Some Saturdays and especially in the hours immediately preceding the Jan. 1 deadline, as many as seven shifts were utilized in rushing the float to completion. People young and old, members of the Boy Scouts, Girl Scouts and other organizations joined their efforts and labors in this enterprise.

ONE OF THE "BEST SELLERS" of "Tall Tales and True," motif of the spectacular Tournament of Roses parade was this chapter of Sierra Madre's unselfish civic enterprise. More than one million persons saw "The Stork, the Birds and the Bees" float as it passed down Colorado Ave.—80 million others over the nation and abroad saw it on TV.

Behind the float, beautiful in itself, was the story of undaunted, untiring Sierra Madreans, loyal to and proud of "This Foothill City of Livability."

UNDAUNTED BY FIRE, COMPANY TO REOPEN

Fire which last Dec. 10 inflicted heavy damage in the Richard Victor Co., then at 31 N. Baldwin, failed to daunt that enterprising organization.

Next Monday, this company dealing in custom made draperies, custom made picture frames, hardwood draperies and metal frames, will reopen for business at 11 Kersting Court. They will be glad to see old and new customers there.

State Tax Evader

## BULLETIN

Pinelli surrendered to Sierra Madre police on Jan. 4 at 6:57 P.M. His bondsmen posted \$5,000 bond and after fingerprinting, Pinelli was released pending action by the state authorities.

Anthony Pinelli, businessman, whose home is given as 500 W. Montecito, is apparently a law-abiding citizen so far as Sierra Madre is concerned. Sierra Madre police have nothing on him.

But Anthony Pinelli is in trouble with the California Franchise Tax Board. In fact, state tax investigators have recommended to Dist. Atty. McKesson that Pinelli be prosecuted for state income tax evasion.

During a Senate rackets hearing last June, Pinelli was charged with being the reputed head of a Gary (Ind.) crime combine. At the hearing Pinelli was charged with leading a double life, that of a respectable businessman in Sierra Madre and as a mobster in Gary and Chicago. During the hearing he took refuge in the Fifth Amendment.

THE TAX BOARD's fraud squad charges that Pinelli has lived here since 1948 and has never paid a state income tax. Pinelli's income in the intervening years has

## Firemen Quell 2 Small Fires

Sierra Madre firemen quickly put out a fire last Saturday morning, on the roof of the Duncan E. Aldridge residence, 494 N. Au-

burn, at Carter, before any serious damage resulted.

Fire Chief Charles Brown said the blaze was started by sparks from the chimney. Only a small area of the shingled roof was damaged.

Firemen answered another call at 8:15 p.m. Sunday at the home of Mrs. Hazel K. Laws, 562 Woodland Dr. A minor fire in a closet was extinguished before the flames got out of control.

The apparent cause, Chief Brown said, was from spontaneous combustion.

## S.C. Gas Co. Plans 6,200 New Meters

Southern Counties Gas Co. expects to make 6,200 new meter connections to lines in its San Gabriel Valley division, including Sierra Madre, this year and has set a 1960 budget of more than \$1,680,000 for facilities to service customers in the area, it is announced by R. E. Harbicht, gas company local manager.

The utility manager added the money budgeted is "for improvements in plant only" and does not include money set aside for recurring operating expenses.

The budget for this area is part of one of the largest budgets ever earmarked by Southern Counties for any one year of its 49-year corporate history. The figure of \$23,400,000 for the firm includes \$5,550,000 for Southern Counties' portion of a 36-inch-diameter, 116-mile-long gas pipeline through the Cajon Pass, designed to bring new natural gas supplies into the southern California area.

LARGEST ITEM in the San Gabriel Valley division 1960 budget, more than \$1,330,000, is for connecting and servicing new customers in this area.

Other major item in 1960's budget is more than \$215,000 for main and service replacements, Harbicht said. Throughout its system,

Southern Counties expects to add more than 45,000 new customers in 1960 to bring its projected year-end net total to an estimated 760,000 meters served.

The Sierra Madre Board of Education Monday night received some glad financial news—it is anticipated that because of increased valuation it will have around \$3,000 more in cash for the 1960 calendar year.

Incidentally, Robert G. Owens of the Owens Accounting firm, reviewed the school's fiscal situation from July 1, 1958 to June 30, 1959, reporting it in excellent condition.

**THE BOARD AUTHORIZED** installation of a Lennox flow heater in one of the 16 classrooms at Sierra Madre elementary School now having unvented heaters. The Bryant Co. of Pasadena, was the successful bidder with a figure of \$322. If this new and safer type of heater proves successful there is a possibility of their installation in other rooms.

The board will take action at its Jan. 13 meeting toward completing its Educational Advisory Committee. Seven out of 15 organizations already contacted have indicated a willingness to name representatives to this committee of from 12 to 15 members. It will specify areas in which the school work will be studied.

**THE BOARD** was to have met Wednesday morning in special session at the office of the county superintendent in Pasadena to study proposed recommendations to be made to the State Board of Education regarding Sierra Madre, La Canada and Pasadena. This is part of the effort toward completion of unified school districts throughout California.

A Christmas night's journey from Lemon Grove, near San Diego, in order to visit his mother, proved fatal to William (Billy) Van Meter, a chief pharmacist mate, stationed at San Diego and former Sierra Madreadan.

Van Meter was on his way to visit his mother, Mrs. Alton Miller, at 70 W. Highland, Sierra Madre, when his car was in collision with another near Norwalk. The crash also proved fatal for one of the occupants in the other car.

**VAN METER** who made his home in Lemon Grove, leaves his widow, his mother, a sister, Mrs. Minnie Holbrook of 52½ E. Highland, Sierra Madre, and three nieces, Mrs. Verna Vynos of Monrovia; Mrs. Ruth Beardsley of Montclair, Calif. and Mrs. Earleline McCain of San Francisco.

Funeral services were at Lemon Grove.

Van Meter was a graduate of the Sierra Madre Elementary School and attended Pasadena High School.

Daniel Schorr, news analyst and foreign correspondent for the Columbia Broadcasting Co., will discuss "The World Crises Ahead" on the Tuesday Evening Forum, Jan. 12 at 8 p.m., at PCC. The public is invited.

**HIGHLIGHT OF THE YEAR**  
was the Sierra Madre Kiwanis Community Breakfast, in cooperation with national

food wholesalers and local merchants which served 1,046 breakfasts, at the net price of 39 cents. This was made possible by the original breakfast price of one dollar, which then made it possible to buy a silver dollar for 89 cents. Local merchants then redeemed this dollar for \$1.50 in trade.

A feature was a special tribute to Jim Wolfe, a past president of the local club and retiring 1960 lieutenant governor of the Fifteenth Division, Kiwanis International.

"The Sierra Madre Kiwanis Club has turned in a splendid record during the

past year," said Lt. Gov. Wolfe. "I am particularly grateful to my home club for the support it has given me in the division."

## High Blood Pressure Not Executive Prerogative

(Presented as a public service by the Foothill District of the Los Angeles County Medical Assn.)

**QUESTION**—Is it true that people in executive positions are more apt to have high blood pressure or hardening of the arteries?—V.J.

**ANSWER**—No, in fact, a recent five-year study of more than 2,000 individuals showed that executives had less high blood pressure and hardening of the arteries than did non-executive office workers of comparable sex, age and work environment.

The study, which appeared in a recent issue of the Journal of the American Medical Association, defined an executive as a person dealing with policy formation and implementation. The 1,171 male executives studied ranged from "top executives" (board directors, corporate officers and general managers) to "minor executives" (division heads, auditors and others of lesser rank than department heads).

Also studied were 1,203 non-executives, of whom 563 were women. They included stenographers, secretaries, clerks, assistant supervisors

and supervisors. Of the executives, 12.3% had some type of high blood pressure, as did 15% of the male non-executives over 40 years of age. Hardening of the arteries of some type was found in 7.8% of the executives and 15.4% of the non-executives.

According to the report, no significant relationship was found between the incidence of heart attacks and the level of business responsibility. Heart attacks occurred in 3.7% of executives and 5.1% of the non-executive males over 40.

One of the reasons suggested by the report for the less than expected rate of vascular diseases among executives is that these men have learned the value of "escape valves" and the need for outside avenues of expressions, such as hobbies.

**Q**—What is gynecomastia?—L.S.

**A**—This is a medical term which is applied to any enlargement of the breasts which takes place in men, so that the breasts of men resemble those of women. The condition is usually related to some glandular disturbance and is most often treated by surgical removal.

#### Theaters Offer Diversion To Survivors of Yuletide

Following Pasadena's Tournament of Roses and the Rose Bowl football classic, New Year's day, community-wide events take a post-holiday holiday.

However, the area's growing theater industry continues to offer a wide variety of attractions for persons tide rush, according to the who have survived the Yuletide. The Southern California Automobile Club of Southern California's schedule of events for the period Dec. 31 through Jan. 10.

**CLAREMONT**—"Las Posas," the Mexican Christmas festival, is current through Jan. 9 at Padua Hills Theater.

**HOLLYWOOD:** Current theater bills include "Hilary," a comedy starring Joan Fontaine, at Huntington Hartford Theater; "Two for the Seesaw" at Players Ring, and "Pajama Tops" at Le Grand Theater.

**LOS ANGELES:** Oistrakh and the Los Angeles Philharmonic Orchestra will appear in concert Jan. 6 in Shrine Auditorium. Fred Waring's Stereo Festival will appear in Philharmonic Auditorium Jan. 6.

Rancho Golf Course provides the playing field for Los Angeles Open Golf Tournament Jan. 8 through 11. The 1960 International Custom and Sports Car Show is current through Jan. 3 in Great Western Exhibit Bldg.

The Southern California Boat Show will be in Great Western Exhibit Bldg. Jan. 8 through 17. Hundreds of boats, boat accessories, motors and boat trailers will be displayed.

"The Christmas Star" is current through Jan. 3 at Griffith Park Planetarium. Original steel play structures are on display at California Museum of Science and Industry through Feb. 7.

**MAMMOTH LAKES:** Winter Carnival Weeks center about the Inn this month. Each week includes an Alpine Festival, ice show and carnival ball.

**PASADENA:** "The Play's the Thing," a Molnar comedy, is current through Jan. 17 at Pasadena Playhouse.

**SAN DIEGO:** "The Reluctant Debutante" opens Jan. Theater Production for 1960.

**JANUARY** is probably the best month for watching the migration of some 2,500 California grey whales from the Arctic to Baja California. The Whale Watching Station at Point Loma is a good lookout spot. For a closer look, excursion boats sail from San Diego and Mission Bay.

### Garden Notes . . .

#### New Azalea Varieties Resist Cold and Heat

You've been around California a long time if you remember when Azaleas were considered almost too tender for the garden. And you've seen wonderful changes in this garden beauty—changes that have made it one of the most widely used of all ornamentals.

The "handle with care" sign has long been removed from Azaleas. Through the years, new varieties have become more resistant to cold, more resistant to heat, more resistant, period.

**THIS IS** not to suggest that Azaleas need no special attention. The California Association of Nurserymen is quick to assure us that they do. We merely point out that where they once were considered primarily for cool coastal climates, they can be grown in gardens throughout the state today.

Most popular of the Azalea family are the lovely Belgian Indicas. While a little less hardy than some, they are the lushest in bloom, with big, waxy blossoms. The lovely Albert and Elizabeth, Paul Schame and Blushing Bride are examples of this variety to look for.

The Kurume Azaleas are smaller of bloom, but make up for it in their profuse display. Flowers are delicate trumpets that literally cover the plants. The popular Hesse is a typical example. Coral Bells and Ward's Ruby are two others. These are gener-

ally harder than the Belgian Indicas, as are the related Kaempferi hybrids, probably the hardest of all the ever-green Azaleas.

**IN SOUTHERN** California, Southern Indicas are finding increasing favor for their resistance to heat; while in northern gardens, both along the coast and in the Valley, the deciduous Mollis varieties should be tried. Their vivid show of color before the leaves come is a familiar sight in spring flower shows.

In one respect, Azaleas have not changed through the years, liking moisture at the roots, perfect drainage and an acid soil. C.A.N. nurserymen suggest planting in peat moss that has been thoroughly impregnated with water as one way to achieve what they like best. Planted in the right mixture, they will thrive beautifully.

#### Ann Roberts To Have Oils Exhibited

Ann (Mrs. John D.) Roberts, 3760 Edgeview, will have a "one-man" show of her oil paintings in Monrovia Public Library Art Gallery.

The public preview and reception will be held Sunday from 3 to 5 p.m. in the Alford Room, 321 S. Myrtle.

The exhibition will continue through Jan. 30, daily 10 a.m. to 8:30 p.m. and Saturdays, 10 a.m. to 5:30 p.m.

#### It's Hillsdale vs. Tomy Lee In San Carlos

Kentucky Derby winner Tomy Lee and top ranking Hillsdale head a standout field of the country's fastest sprinters to race in the \$50,000-added San Carlos Handicap at Santa Anita Park this Saturday. It will be the 22nd running of this traditional and major fixture and a banner turnout of fans is expected when the gates open at 11 a.m. and the first race starts at 1 p.m.

Nominated to oppose the two stars are Clandestine and Fleet Nasrullah, the one-two horses in the opening day's Palos Verdes; Rick City, Greek Star, Promised Land and Manassa Mauler, prominent eastern invaders; Demobilize, Ole Pals, How Now, Eddie Schmidt and others of stakes class.

**THE RESULT** of the San Carlos, at seven furlongs, in which Hillsdale narrowly defeated champion Round Table last season, will develop leading candidates for the estimated \$170,000 Santa Anita Handicap on Feb. 27, and the \$100,000-added San Juan Capistrano 'Cap on the grass on March 10.

#### INFANT FRANCO DIES

The infant son of Mr. and Mrs. Leonard N. Franco of 381 N. Mountain Trail, Sierra Madre, passed away on Dec. 28 at Huntington Memorial Hospital, Pasadena. In addition to his parents, surviving are his maternal grandparents, Mr. and Mrs. W. P. Ford of Pasadena and his paternal grandparents, Mr. and Mrs. Franklin A. Franco of Sierra Madre. Graveside services were conducted Wednesday at Resurrection Cemetery, San Gabriel.

#### Southland's Population Up 1,000 a Day During 1959

Southern California drew to a close its most active and prosperous business year last week, according to Security First National Bank.

Despite the steel strike, tight money and a barely horizontal trend in the giant aircraft industry, the bank's research department reports new records have been set in nearly every important phase of the Los Angeles area economy.

Population in the 14-county area has increased by nearly 1,000 a day during 1959, and is rapidly approaching the 10,000,000 mark. Employment has averaged approximately 3,664,000 during 1959, an increase of 158,000 jobs over the average for 1958, and a new all-time high by a substantial margin.

facturing during the year now ending has averaged 52,000 more than in 1958. Nearly every industrial category has contributed to this rise, with the most impressive gains being in electronics.

Personal income totaled \$25 billion during 1959, an increase of nearly \$2 billion over the previous record established in 1958. This is a total exceeded by only five states in the nation, including California.

Retail sales also have been at record levels during the past year, totaling an estimated \$13,860,000,000 in the southern half of the state. This is a gain of 10% per cent over the previous record run up in 1958. Total for this area is exceeded by only two states, New York and California.

## Dance Class To Open

The tenth annual "Introduction to Ballroom Dance" class, for adults, will begin on Tuesday evening, Jan. 19, 8 to 10, at Pasadena Civic Auditorium, for a series of five weekly lessons.

The annual ballroom class is sponsored by Pasadena Board of City Directors, and conducted by the Department of Recreation.

Reservations are accepted by couple only, and may be made at the Recreation Department, 1501 E. Villa, Pasadena, beginning Jan. 4, Monday through Friday, 8 a.m. to 6 p.m. The department also will remain open one evening, Jan. 18, from 7:30 to 9 for registrations.

Instruction, by Gene DeWald and staff, will cover swing, foxtrot, waltz, rumba, tango, mambo, samba and cha cha cha. There is a moderate fee.

Times do change — it is alarming the different methods modern day children use in bringing up their parents.

## VILLA VIEWS

By Toni Maurin  
ST. 7-9634

And what do you do when the last piece of tinsel is finally stored away for another year? Why, naturally, you sit down and really read your Christmas cards that came pouring in when you were too busy. Or you have a bowl of soup without worrying about what color of glitter will be in the bottom when you reach the noodles.

Suddenly, the house seems bare and empty with all the anticipation and realization carefully put aside for another 11 months. Last of the cookies seem dreary and there's nothing left but the bills. But, oh boy, it's nice to put your feet up again and know that you won't have to eat any more creamed cheese or liver pate for just a little while.

I'M STILL TRYING to report on some of the gay parties that went on during the season:

Dr. and Mrs. Lincoln of Wilson had a cocktail and dinner party that included in their guest list Messrs. and Mesdames Holman Grigsby, James Tannahill, John Gilbert, Alkman Armstrong and Ten Bank, from Evanston, Ill. Also included were Mrs. and Mesdames J. A. Welborn, Charles Langmade and James R. Spencer Jr.

Mr. and Mrs. Charles Klingerman of Wynn Road spent their long weekend with Mr. Klingerman's two brothers and wives vacationing in Balboa.

Mrs. Arturo Gutierrez of Fairpoint gave a post game, New Year, birthday party for her husband. Guests were Messrs. and Mesdames Ralph Paquette, A. J. Huber, Ben Rogers, Ernest Maurin, Fred Ascencio, Roy Brown and Norwood Anthony Nedom, who was a house guest of their son Gabriel, home from Santa Clara College for the holidays.

THE WILLIAM BAUGHS of Edge Cliff Lane have had a busy season. Mrs. Baugh's sister and brother-in-law, Mr. and Mrs. Bruce Crandall, from Salem, Ore., and her brother and sister-in-law, Mr. and Mrs. Lyle Gould, from McMinnville, Ore., came down to spend Christmas and New Year's as her houseguests. One evening, the Baughs had 40 guests for a cocktail party for her relatives. Most of the guests were old friends of her brother and sister. On Christmas they had a large family dinner, and on New Year's eve there was a large cooperative party at the Baugh home.

Guests at that party were in addition to her houseguests, Messrs. and Mesdames John Conklin, Elmer Hubbard, of Edwards, Calif., George Otte, Paul Siechert, John Griffith, Ken Christian, John Seymour, Robert Baugh, Homer Murphy, R. L. Fox and their houseguests, Mr. and Mrs. Robert Cohen, from Santa Ana, and Mrs. Joey Zook and the Baugh's nephew, Bill Crandall.

AFTER THE PARADE, the R. L. Foxes and the Robert Cohoes took off for a weekend at Lake Arrowhead, returning last Sunday evening. The John Griffiths of Mesita Road had guests for the parade also. One of their guests was Miss Ragne Shelman, whom Kathryn had met in Tromsø, Norway. She is now a U.S. exchange student at Palm Springs. Their unexpected guests were Mr. and Mrs. Floyd Phillips, and their three-month-old daughter, Tammy. Mrs. Phillips is the former Linda Lockhardt of his area. They stopped overnight en route to Bremerton, Wash. They arrived in time to attend a New Year's eve party given by Kathryn which included around 40 former classmates.

UP KINNELOA WAY you might say that Meyer Loa Lane was on the go on New Year's eve. A party started out at the Karl Deitzels early in the evening and ended up at a buffet supper next door at the Laurence Deitzels, after making calls around at some of the other partying neighbors.

Guests who originally started in the party were Mr. and Mrs. F. Wayne Furstenberger, Mr. and Mrs. William Sim, Mr. and Mrs. Dan Marsh and their houseguests.

## Four Boys In YMCA Seminars

Four Hastings Ranch Wilson Junior High School boys took part in the YMCA sponsored vocational seminars during the Christmas vacation.

Chet Osborn son of Mr. and Mrs. Jack Osborn, and David Stivers, son of Mr. and Mrs. James Stivers, were enrolled in science and engineering and Brad Karellus, son of Mr. and Mrs. Lyle Karellus, and Roger Pankoska, son of Dr. and Mrs. Leo Pankoska, took part in the medical studies.

Seminars also were offered in mathematics and law.

The boys in the science and engineering seminar, led by Ralph Barmore, learned about chemical and nuclear rocket fuels, fundamentals of physics rockets and space travel, problems of navigation and communication, heat resistant materials, weightlessness and other space travel problems, and made trips to the USC Centrifuge Laboratory, Caltech and the Jet Propulsion Lab.

The boys in the medical seminar, in addition to tours through local hospitals, also visited the Medical Research Institute and the Centrifuge Laboratory. The medical seminar was led by Dr. Raymond George, and covered arthritis and its effects, liver and its diseases, the role of medicine in the lungs, the human heart, introduction to research and research in neuro-surgery.

A banquet Dec. 30 concluded the vacation program.

Tip to motorists: Remember, your ability to drive is hampered when weather and traffic conditions are bad.

## Susan Burdick Will Marry John Caldwell Next Summer

Mr. and Mrs. Dunbar G. Burdick, 3845 Greenhill, are announcing the engagement of their eldest daughter, Miss Susan Craig Burdick, to John Wallace Caldwell. Miss Burdick told the news to her Pi Beta Phi sorority sisters Monday night with the traditional passing of a candle and candy.

Susan, a fourth generation Californian, is the granddaughter of the late Mr. and Mrs. Howard T. Blethen, of San Francisco, and of Mrs. Nelson Burdick, Portland, and the late Mr. Burdick. Her sister, Ane who is to be maid of honor, is a sophomore at Mominican College in San Raphael, and her brother, Bruce, is a fifth-grader at Eugene Field.

John is the son of Mr. and Mrs. Robert S. Caldwell Jr., 396 Wenham Rd., and the grandson of the Robert S. Cawdells of Troy, Tenn.

Susan and John are graduates of Woodrow Wilson Junior High and Pasadena High where John was president of the student body and of the Key Club. Susan was student body secretary and a member of Aurora, girls' honorary service organization.

Susan is a history major, planning to do historical research upon her graduation from the University of California at Los Angeles in June. At UCLA Susan is vice president of Pi Beta Phi.

John attended Pasadena City College and Chinard. He served in the U.S. Army and is now working as an industrial designer.

The wedding is planned for this summer.

## MARINELAND

Marineland of the Pacific is busy this winter preparing for the biggest crowd in its history during 1960, when more than 2,000,000 guests are expected to come to applaud Bubbles the whale and other underwater stars. The oceanarium's "bring-'em-back-alive" fishermen are searching for killer sharks to add to the thousands of fish on display.

Mr. and Mrs. Larry Snipe, Mr. and Mrs. Cliff Pride, Ed Meyer and Lt. and Mrs. Larry Deitzel, who are visiting their parents, the Laurence Deitzels, with their new son, Andy, from Ft. Bliss, Texas.

PALM SPRINGS will be the new address soon of the Bot Buttcans and daughter, Karen. Their new address, to be exact, will be 976 Fairview Circle.

LAS VEGAS was made brighter over the long New Year's weekend by a visit from Marta and Nat Miner. They were accompanied on holiday by Wally and Ivan Sloan.

NEW OFFICERS have been elected for the property Owners association in the upper Ranch. Bill Bowers, president; Larry Barr, vice president; and Mildred Helsper, treasurer, are making plans to have quarterly meetings.

FLORA and Wally Benech of San Jose and their son, Grant, spent the New Year's holiday with the Neal Rowley family. Wally's and Neal's friendship dates back to World War II days when they flew together.

THE GORDON Templars and Wendell Booths were among those residents who "saved" a spot for themselves, several days prior to the Rose Parade, and were able to see the spectacular in comfort. Seems they planned he "ideal" right and were only 30 minutes in getting themselves home.

Lucie and Marge.

## UP ON ...

## Hastings Hill

"You can't tell me they made that float in Buffalo and brought it all the way out here, said one skeptical visitor viewing the floats after the parade. "I'll bet they made it right out here."

And so another good smelling parade is over and all the skeptical but impressed visitors have departed. We only have two things to say further.

One is—how can those metropolitan Los Angeles newspapers write so many columns about the "spectacle" as they term it, and still manage to leave out the name of Pasadena? Not knowing, one would think the whole affair belongs to Los Angeles or Hollywood.

The other is—Who were those characters who charged suckers 50 cents to park on the grounds of the new high school waving the lines of cars from the legitimate 25-cent parking area adjoining the float area? How could they do this?

of the association with a speaker present to discuss subjects "near and dear" to the hearts of the residents. The officers are always in need of assistance and suggestions, so those of you who have either to offer are urged to contact Bill Bowers.

INCIDENTALLY, a public thanks has not been given those good people who took time at a very busy season to drive around and judge the outdoor holiday display contest in the upper Ranch. Hats are off to Mayor and Mrs. Ray Woods of Pasadena; Henry Miller, president of Pasadena Chamber of Commerce, and Mrs. Miller, and William Sumner, executive editor of Pasadena Star-News.

## 6 Point Program

(Continued from Page 1)

IN OTHER WORDS, the Kiwanians want Sierra Madre's youngsters to go into agriculture in "a big way" as well as for quality.

Second prize in each instance will be a Kiwanis certificate of merit. Third prize will be honorable mention.

THE OTHER PROJECTS initiated for the club by the committee are:

1. A club program to be arranged by the U.S. Forest Service on fire control, forest management and replanting.

2. A program from the state level on the California water plan.

3. A program from the county level on flood control.

4. A club program from the district level on water spreading and reclamation of sewage water.

5. A five-minute report on California and Los Angeles County statistics on agriculture as a prelude to some other appropriate and related program.

C. of C. Meeting (Continued from Page 1)

retary - manager. Directors: Robert H. Green, James H. Hall, John C. McKibben, Emile Smith, Ralph Hurwit, Manuel de la Torre and Sam Perlof.
